# Standard Surface Mount Shields-Two-Piece

**Stock Locator**

Two-piece board level shields offer users the flexibility to inspect or repair shielded components without having to risk board damage by removing the entire shield or incur any tooling costs. Covers snap on and off with ease, which makes repair of the component under the shield quicker and easier and reduces board re-work. Two-piece shields are available unassembled(Pre-assembly is an option), and are designed to survive drop, shock and no-rattle tests.
