

Dimensions: mm (In.)

**Electrical Specifications:**

- Rating: 50mA/12VDC
- Contact resistance: 100mΩ max.
- Insulation resistance: 100MΩ min. @ 500VDC
- Dielectric strength: 250VAC for 1 minute
- Life: 500,000 cycles

**Mechanical Specifications:**

- Type: SPST
- Operating force: 160±50gf
- Stroke: .25mm +.2mm -.1mm
- Operating temperature: -25°~+70°C

**Note:**

- RoHS Compliant and process compatible with 260° solder

**Material:**

- Button color: brown

**Tactile Switch (Thru-Hole)**
