

## Power PCB Relay RT2 DC and AC (for global markets)

- 2 pole 8A, 2 form C (CO) or 2 form A (NO) contacts
- DC or AC coil
- 5kV/10mm coil-contact, reinforced insulation
- Ambient temperature up to 85°C
- WG version: product in accordance to IEC60335-1
- Reflow version: for THR (Through-Hole Reflow) soldering process

Typical applications

Boiler control, timers, garage door control, POS automation, interface modules.

#### Approvals

VDE Cert. No. 40007571, UL E214025, cCSAus 1142018 Technical data of approved types on request

#### **Contact Data**

| Contact arrangement                   | 2 form C (CO) or 2 form A (NO)               |
|---------------------------------------|--|
| Rated voltage                         | 250VAC                                       |
| Max. switching voltage                | 400VAC                                       |
| Rated current                         | 8A, UL: 10A                                  |
| Limiting continuous current           | 8A, UL: 10A                                  |
| Limiting making current, max. 4s, dut | ty factor 10% 15A                            |
| Breaking capacity max.                | 2000VA                                       |
| Contact material                      | AgNi 90/10, AgNi 90/10 gold plated,          |
|                                       | AgSnO <sub>2</sub>                           |
| Frequency of operation, with/without  | load   |
| DC coil                               | 360/72000h-1                                 |
| AC coil                               | 360/36000h-1                                 |
| Operate/release time max., DC coil    | 8/6ms  |
| Bounce time max., DC coil, form A/fo  | orm B 4/10ms                                 |
| Electrical endurance                  | see electrical endurance graph <sup>1)</sup> |
