

#### Type 470 Series

#### **Key Features**

- Stable High Resolution Cermet Element
- 0.5 Watt Rating at 85°C
- Space-Saving Device
- Proven Reliability
- -55°C to +125°C
  Temperature Range
- Sealed to Withstand Wave Soldering
- Sealed to Withstand Immersion Cleaning

For applications that demand a durable, miniature tria ming potentiometer, this military style offers quality at the right price. Cermes element technology ensures stability and performance in these 6mm diameter components. All buts are fully sealed to withstand immersion in normal board washing solvents.

#### Characteristics - Electrical

| Resistance Range:        | 100R to 1M                             |  |
|--------------------------|----------------------------------------|--|
| Resistance Values:       | 2 and 5 each decade                    |  |
| Resistance Tolerance:    | ± 10                                   |  |
| End Resistance:          | Ohms or 1%, whichever is greater       |  |
| Silder Current:          | mA or within power rating, Max.        |  |
| Power Rating             | 0.5W at 85°C derating to zero at 125°C |  |
| Isolation Vollage:       | 300 V do or ac peak                    |  |
| Limiting Flement Voltage | 200 V do or ac RMS, Max.               |  |
| Bres Jow Voltag          | 600 V ac for one minute                |  |
| instration riest ance:   | 1000 M Ohms at 500 V do, Min.          |  |
| Desait on:               | Essentially Infinite                   |  |
| Row iona // ise (CRV):   | 3 Ohms or 3 %, whichever is greater    |  |
| Temperature Coefficient: | ± 250 ppm/°C                           |  |
| Electrical Adjustment:   | 240° Nominal                           |  |

#### Characteristics - Mechanical

| End Stop:              | 40 mNm Min.  |    |
|------------------------|--------------|----|
| Starting Torque:       | 30 mNm Max.  |    |
| Mechanical Adjustment: | 260° Nominal | -8 |
| Weight:                | 0.57 gm Max. |    |

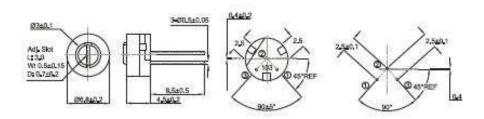

#### Characteristics - Environmental

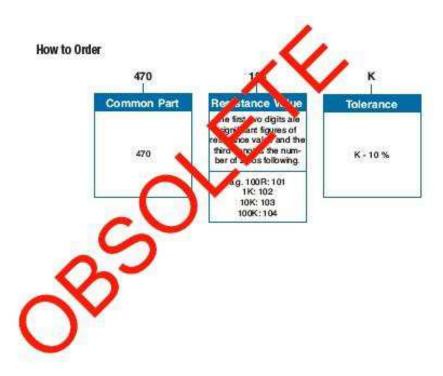

| Temperature Range:  | -55°C to +125°C                                |     |
|---------------------|------------------------------------------------|-----|
| Thermal Shock:      | 5 Cycles -55°C to +150°C                       |     |
| Bump Severity:      | 4000 Bumps; 40G                                | - 3 |
| Vibration Severity: | 10 - 500Hz; 30 G ∆R<1%                         |     |
| Rotational Life:    | 200 Cycles                                     | - 5 |
| Load Life at 70°C:  | 1000 Hours at 0.5 W                            |     |
| Sealing:            | Sealed for immersion & board washing processes |     |
| Climatic Category:  | 55/12521                                       |     |
|                     |                                                |     |
