

Technical drawing of a shaft with dimensions and tolerances. The drawing shows a shaft with a central hole of diameter $\varnothing 1.6_{-0.03}^{+0.00}$. The total length is $11.38_{\pm 0.05}$. The distance from the left end to the center of the hole is $3.15_{\pm 0.03}$. The distance from the center of the hole to the right end is $2 \times 2.54 = 5.08$. The shaft has a diameter of $\varnothing 1.95$ at the left end and $\varnothing 1.4$ at the right end. The distance between the two diameter changes is 1.95 . The distance from the left end to the first diameter change is 0.4 . The distance from the first diameter change to the center of the hole is 2.2 . The distance from the center of the hole to the second diameter change is 1.02 . The distance from the second diameter change to the right end is 4.8 . The drawing also shows a dimension of 7.6 for the total length of the shaft.
