

Technical drawing of a three-roll mill. The diagram shows three horizontal rollers. The top roller is labeled with length L and diameter $\varnothing C$ min. The middle roller is labeled with diameter $\varnothing B$ min. The bottom roller is labeled with length D and diameter $\varnothing B$ min. The distance between the centers of the top and middle rollers is labeled 150 min (5.9 min). The material flow is indicated by arrows: 1 (input), 2 (output), 3 (intermediate), and 4 (output). The material is shown being fed into the mill from the left and exiting from the right.
