

### Features:

- ✓ Adapter provides an easy and quick banana jack connection by replacing the screw in a terminal strip.
- ✓ Allows a standard sheathed banana plug / patch cord to securely connect to a terminal strip.
- ✓ Helps to avoid accidental arc-over by eliminating the usage of alligator clips, or test probe “slip offs” during measurement applications.
- ✓ Ideal for routine measurements.

### Materials:

|              |                     |
|--------------|---------------------|
| Banana Jack: | Nickel Plated Brass |
| Insulation:  | Nylon 6             |

### Ratings:

|              |                                                                                                        |
|--------------|--------------------------------------------------------------------------------------------------------|
| Voltage:     | 600 Vrms; For <i>CE compliance</i> : not intended for hand held use at voltage above 33 Vrms / 70 Vdc. |
| Current:     | 20 A                                                                                                   |
| Temperature: | -10 to +55 C                                                                                           |
| Torque:      | 7 In/Lb                                                                                                |
