

# Application Tooling Specification Sheet

Order No. 63802-6200

## FEATURES

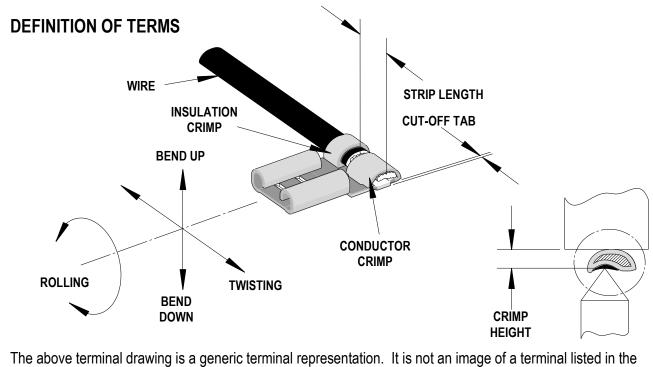

Mini-Mac Applicator Rear Feed

- Quick set-up time; plus the crimp height, track and feed adjustments can be preset in applicator
- Conductor and insulation rings allow quick adjustment for conductor and insulation diameter change
- Applicator designed to industry standard mounting and shut height 135.80mm (5.346")
- Directly adapts to most automatic wire processing machines

### SCOPE

Products: Flag InsulKrimp<sup>™</sup> Quick Disconnect Female Terminals, 18-22 AWG.

| Terminal   | Terminal  | ninal Wire Size |           | Tab          | Size         | Insulation | Strip Length |      |      |

| Seam shall not be open and no wire allowed out of the crimping |                   |           |      |                        |      |      |      |       |      |            |      |

### **CRIMP SPECIFICATIONS**

#### <u>\* Tool Qualification Notes:</u>

- 1. Pull Force should be measured with no influence from the insulation crimp.
- 2. The above specifications are guidelines to an optimum crimp.

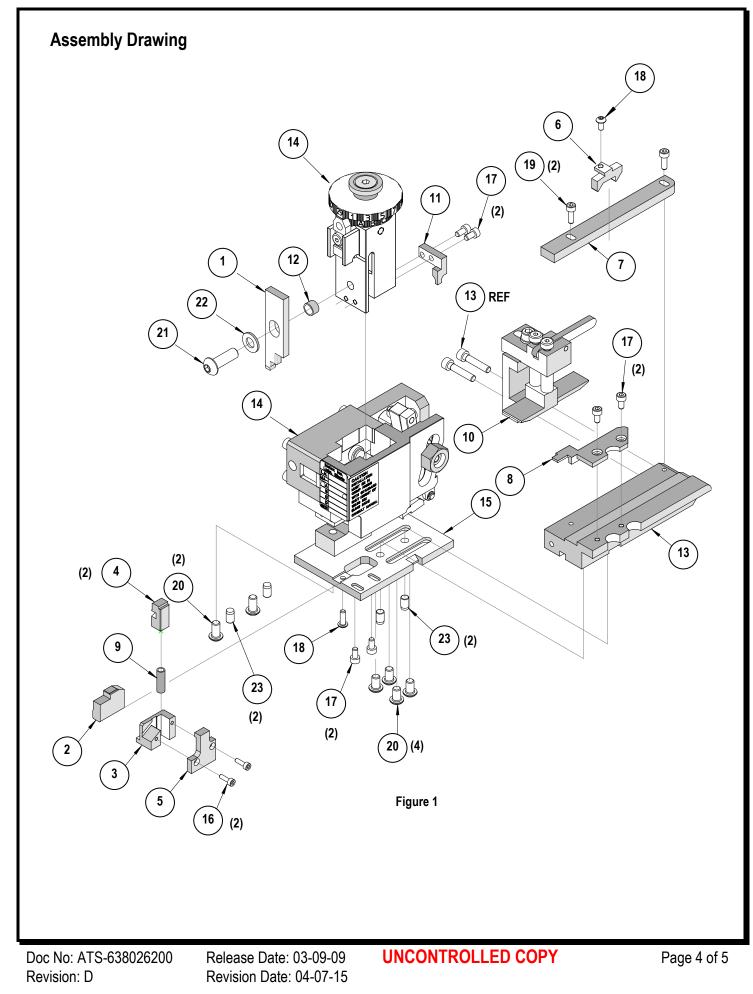

Use gauge pins or soft metal slug (solder) method to measure the "X" dimension. Verify tooling crimp height calibration by referring to the Go/No Go dimensions shown in the chart below.

Molex does not sell gauge pins contact your local industrial supplier.

## NOTES

- 1. Molex recommends an extra perishable tooling kit be maintained at your facility.
- 2. Verify tooling alignment by manually cycling the press and Applicator before crimping under power. Check that all screws are tight.
- 3. Slugs, Terminals, Dirt and Oil should be kept clear of work area.
- 4. Wear safety glasses at all times.
- 5. For recommended maintenance refer to the Mini-Mac Manual.

**CAUTION**: This applicator should only be used in a press with a shut height of 135.80 mm (5.346"). Tooling damage could result at a lower setting.

**CAUTION**: To prevent injury never operate this Applicator without the guards supplied with the press or wireprocessing machine in place. Reference the press or wire processing manufacturer's instruction manual.

CAUTION: Molex crimp specifications are valid only when used with Molex terminals, applicators and tooling.

Wear Safety Glasses At All Times.
