

This technical drawing shows a mechanical assembly in a side view. A central horizontal shaft is supported by two bearings, one on the left and one on the right. The shaft passes through a series of components arranged in two rows. Each row consists of 12 identical components, each with a central hole and a flange. The components are connected by a series of vertical links. The entire assembly is mounted on a base with a wavy left edge and a circular feature on the right.
