The drawing shows a cross-section of a bridge deck. It consists of two parallel rows of rectangular piers. Each pier is divided into three vertical sections by internal walls. The piers are connected by a continuous horizontal beam structure. The top row of piers is connected by a beam that has a central section with a wider base. The bottom row of piers is connected by a similar beam. The entire structure is supported by a foundation, which is shown as a series of horizontal lines at the bottom. A small circle with a cross inside is located at the bottom right corner of the drawing.
